

The greatest grief is experienced with the loss of a child. We know how it feels and want to support your family during this time.

MIS SHARE SUPPORT GROUP

(Miscarriage, Infant Death, Stillbirth)

Any time is the right time to contact MIS for assistance and understanding as you grieve the loss of your precious child. Please see our website for more information about our meetings, resources, and to connect with other families who have experienced the loss of a child.

MIS is a parent-led nonprofit support network in Northern Virginia, founded in 1981 to offer information, support, and comfort to grieving parents who have experienced the death of their baby during pregnancy, or after birth.

Our monthly support group meeting offers a compassionate and comforting setting in which to share thoughts, feelings, and experiences with other parents who truly understand.

For more information or to connect individually with a support group leader, email support@misshare.org or view our Facebook page: MIS – Miscarriage, Infant Death and Stillbirth support Group.
